<b>Material</b>	Paper
<b>Package</b>	Pack of 50 pieces
<b>Dimensions</b>	130x100 mm
<b>Country of origin</b>	Italy

**For shipping:**

✓ ADR ✓ RID ✓ ADN ✓ IMDG ✓ IATA

### Description

Class 3 labels for **Flammable liquids** include the text "**UN1263**" (character height 12 mm) "**PAINT – Net Quantity .....L.**" (character height 6 mm). The labels include the text **Flammable liquids** often requested by some Operator Variations. They have a permanent adhesive, an indoor and outdoor life of 2 years, with prefabricated diagonal cuts on the back to facilitate detaching the labels.

The products come in thermowrapped packs and are made in Italy.

The adhesive is such that the information will still be identifiable on packages surviving at least 3 months immersion in the sea, as required by the IMDG Code (5.2.2.2.1.7).

The labels comply in shape, colour, format, symbol and text to the specifications as required by the Regulations on the Transport of Dangerous Goods.
