

TECHNICAL DATASHEET

Code	LAB-1111-PC
Brief Description	Label Radioactive Mat. - Excepted Package, mm 105x74, paper, pack of 50
Use	Packages
Material	Paper
Package	Pack of 50 pieces
Dimensions	105x74 mm
Country of origin	Italy

**For shipping:**

✗ ADR ✗ RID ✗ ADN ✗ IMDG ✓ IATA

Description

Radioactive Material – Excepted Package labels must be used when you ship or carrier radioactive material in excepted package by air.

They have a permanent adhesive, an indoor and outdoor life of 2 years, with prefabricated diagonal cuts on the back to facilitate detaching the labels.

The products come in thermowrapped packs and are made in Italy.

The adhesive is such that the information will still be identifiable on packages surviving at least 3 months immersion in the sea, as required by the IMDG Code (5.2.2.2.1.7).

The labels comply in shape, colour, format, symbol and text to the specifications as required by the Regulations on the Transport of Dangerous Goods.
