Description

Light, simple but above all clean, these are the main features of the **PGV352 Safe&Clean**. PGV352 Safe&Clean are **UN certified 4GV boxes without vermiculite**. They are supplied with a special kit containing everything you need to prepare your goods in a compliant and safe way. The innovative Safe&Clean system, unique in Italy and in Europe, will allow you to:

- work and ship cleanly, without vermiculite means working without dust and giving more value to your products;
- optimize the packaging times, the preparation of the packaging is faster and easier than the 4GV boxes with vermiculite;
- save, especially for air shipments, each kg saved means savings on shipping costs.
